Y'all,

I did a little poking around and found that Radio World in Nevada, =
www.radio-nv.com has a stash of D-104 replacement cartridges that they =
are selling for \$25 plus shipping. I phoned in my order and it will go =
out in today's mail. =20

The internet is neat!

Jim, W8KGI

For Sale: I'm going to be selling either one of my two Hallicrafters stations. Both are in excellent collector condition, and operate like new. Both stations come with all manuals.

Station #1 consists of the Hallicrafters SX-101-A receiver and the matching HT-32-A transmitter, along with the correct model R-47 speaker and a very rare Hallicrafters branded model C-3202TA desk microphone. Price: \$750.

Station #2 consists of the Hallicrafters SX-111 receiver and the matching HT-37 transmitter, along with the correct model R-48 speaker. Price: \$500.

Prices are for pickup only near Greenville, SC

Jon, K1VVC

Hi Marty,

There is one for sale here locally, complete with the HUGE cases
and power supply.
Asking price is 500 euros (~\$590), but I doubt if the shipping cost
would be acceptable.
It's excess inventory of the Dutch Ham Museum.
Check: <http://www.jancorver.org/surplus/museum.htm>

Good hunting,
Hans PA0LED

Original instruction sheet, Drake LP filters (TV-100-LP and TV-1000-LP).

Spec sheet with schematic, Heath HM-15 reflected power meter/SWR bridge.
Heath used to send these sheets out for free if you were curious about a
kit but too cheap to plunk down a couple of bucks for the actual
instruction manual.

Original descriptive sheet, National HRO-60. I assume this would have gone
to dealers--it's punched for a binder.

Free for the asking. Only one per customer, please.

I can send mail to the reflector, but I don't get any postings probably because my mailbox filled up while I was without an email connection. How do I contact the list to get myself re-istated? The address that I have: listown@jackatac.theporch.com does not work. Help would be appreciated. Thanks,
art K3HBA

I came across an EF Johnson Rotor-matic antenna position indicator. A =
rather neat looking instrument. Can find no info on this on web. Did EF =
Johnson offer a complete antenna rotator? Appreciate any info.

Thanks

David
